I remember Alana as a young teenager, lost track of her after that. I was not sure if she was the one who did the paper sculptures but they were always interesting and she showed me once how she folded a bird! So very sorry that you had to go through this great loss! sending Prayers, Love and ((Hugs)) to you. Alana will be helping to fight this disease for a very long time through everyone that knew her, or knew of her!

With Love, Thom and Rochelle

I am so sorry I just found out about this yesterday, 1-2-16. But I have so many memories of you and your family. I loved to baby sit you guy's and when I worked at the clinic you were always hiding behind doors with your nose in a book. You loved animals from the time you could walk, and were always rescuing everything you could find. I dont have the words to say to you Stan or Pam, I can't imagine what you have gone through, but know that you are in my prayer's and thought's. I hope you all find some peace and know that you raised a beautiful soul that touched us all who knew her, and that we and the world are the better because of it.

“ I remember teaching her in Bible class when your family would visit at Wetumka. She was so precious. One time when Vicki and I were teaching , Vicki called her "Babe"...Alana then said..."I'm not Babe I'm just Alana" Vicki and I laughed so much about that. We still talk about that to this day. She lived her life for God. May God comfort the family at this difficult time.
