“ Andy built my grandson, Hunter, a wooden airplane when he was 3 years old. We have many memories pretending we were flying all over the world on missions for the president. 10 years later, The wooden airplane is still sitting in a special place in my living room. When I look at that airplane, I remember how wonderful a man Andy was to work with and a great friend to have.

“ Andy and I worked together at First National Bank, I'll never forget the time he brought a rooster to work that was going to an employee or to a sister of an employee. We were all cracking up because could you imagine what the customer was thinking on the phone and hearing a rooster crowing in the background. Andy was one of a kind, to know him was to love him. ☐ My thoughts and prayers are with Pam and family along with all those friends he had. RIP Andy we'll miss you here on earth but I know you're flying high. ❤️🙏🏻😊
