“ To Anita and the Cyr family, I'm so sorry about your loss. Gene was a wonderful, kind and loving man. I'm so grateful I was able to get to know him when I moved to Kansas. Gene has helped me so much and continues to help me through his words that still pop up in my head when I need help. I will always remember our afternoon talks. I will never forget the day he told me I was “One Angry Broad” as I was going through some issues which he helped me to take care of them. When I left Kansas, I knew he didn't like goodbyes, so I told him I would see him later. We continued to talk for several years until the time came when it wasn't possible. I'm very grateful to Anita in being to say I'll see you later and tell Gene I love him before he passed. Until then...
