“ Gene's last visit to our house was so good for Cliff. If I remember correctly, Gene left after work on a Friday and drove through the night, stopping only long enough to catch an hour or two nap. He arrived here on Saturday. Cliff was the only one here. I don't remember where the rest of us were, but wherever it was, Cliff had planned on going too. He was disappointed that he did not make the trip. I can't remember why, or at least the reason we thought it was that he had to stay. As it turns out, the reason God had Cliff to stay was because Gene was on his way. That visit is forever etched in Cliff's memory. They visited on God and what was going on in their lives till 4 a.m. Sunday morning. They slept for about four hours, got up and continued the visit till early afternoon when Gene took his departure. (Was there some car problems that God took care of till Gene arrived back home? I can't remember.) What a blessing Gene has been!

Alesha, lease let us know if there is anything we can do for you. Gene wanted to get you and the family up here for a visit. You are more than welcome!!
