“ *Nanna,  
I love you and will miss you every day. It has been a little over a year since I have seen you but I have some good memories of you. When I lived just down the street from you, I would come over everyday and just spend time with you and papa. I loved coming to your house and you cooking something good for dinner. I remember as you were standing at the sink doing dishes, papa would make me laugh so hard cuz he would just crack jokes at you and then you would turn and give him the evil eyes. I would crack up laughing. Then for awhile the kids and I would call you to say that we were coming down to take you to lunch. It was so funny cuz you would call me and see where I was and then I would pull up and you would be sitting in your rocking chair on the front porch waiting for us. I have so many more memories to share but those stuck out a little bit. Don't spoil everyone in heaven with your cinnamon rolls. Tell papa hi for me. I will always love you and I will miss you everyday.*

“ Though saddened by Aunt Lou's passing, she delighted us with her  
"pop-in" visits at Grandma Lunsford's - especially when she brought  
a cake!

“ Nana, you know how much I love you ❤️ And No I don't look like Patty, LOL. You were always there for me and I have so many great memories. Watching Hee Haw with you and Papa, you letting me stay up late to watch the Love Boat and Fantasy Island. You getting on to me when I was acting out by telling me “ I'm gonna let this Bee out of the jar and it's gonna sting you” Lol. I wish I had that bee... How you would cook Mitsy (meanest dog ever) hamburgers. Your amazing pitcher of super sweet tea / Grandpas Cary drawer... I loved!! I loved your hugs and kisses and I will miss you every day until I see you again. Have fun in heaven and give Papa a huge for me❤️❤️.

“ Nana...although it has been a while since I saw you. I will miss you. I have so many fond memories from childhood with you in it. We would come over and you would fix us something to eat. You once made Lora and me lay on the floor and watch your soap opera with you and of course you fell asleep. So we decided that since you didnt like sour stuff that we would stick a spree in your mouth....boy were you mad. We couldn't help but laugh. I wanted chocolate milk once and you convinced me to use cocoa....nastiest thing I had ever tasted. I will never forget our Sunday drives with Kristy, Lora, Jason, occasionally Bobby, and me....we would find a pond where Papa and you would fish and Lora would sit on the minnow bucket. I could go on and on but I won't. I will miss you and I love you and I know you're dancing with Jesus and he has a pond where you and Papa are fishing right now. Love you Nana

“ Well where do I start. First, I have been in the family for 45 years as a son-in-law. today I earned the right to call Lou "MOM". So that being said, MOM was a great cook, fisherwoman, mother, wife, friend, counselor, joker, advisor, and mother-in-law. She taught us all, thru the fun and trials of life, by leading by example. She will be painfully missed. So with this last letter I will say, "MOM" we will meet at another day and time I know. Love you always, your only son-in-law.

“ My mom was a sweet, beautiful lady that will be missed on this earth tremendously! She was a little onery, a little witty & would make me laugh without even knowing it! I visited her a couple weeks ago at the nursing home, she walked us out the front door, gave me hugs & kisses & waved at us as we drove away! She loved to cook & was known for her fabulous cinnamon rolls & of course, her other great cooking! She loved her family & loved being around us! We will miss her, but knowing that we will see her one day is comforting! Love you momma! Your (only daughter) as she would say, Pattie

“ I have known Lou ever since our days at Four Corners when I was a young teen and her kids were small--then I worked with her for many many years at Fountain View Manor.

Words can't describe what a wonderful cook she was. She made Cinnamon Rolls and Hot Dinner rolls the size of a plate and Cobblers that were so delicious--Dr.Lewis always wanted to be notified on the days that Lou made Raisin Cobbler so he could come for lunch. A local Minister who retired and moved out of town--always managed to come back through Henryetta at least twice a month on Thursdays (which still is bean day at FVM)so he could eat Lou's beans and cornbread and some type of fabulous dessert. And oh my--at Holidays she worked miracles with food!! I could go on and on---just want to say Lou Green was a hard working woman who took great pride in her cooking and did an outstanding job. It was my privilege to have known her and I admired her so. My sincere heartfelt sympathy to her kids. Everett and I will be at our place in Branson on Sat--so sorry we won't be here for her service. Thinking of all of you.
