Such a beautiful tribute to a dear cousin, wonderful family man. We had such good times laughing, sharing stories and tall tails with Jack.

I could tell when I worked for Jackie a few years back his time was running out. However, it didn't stop him from continuing on and his superiors made sure he was permitted to stay on.

“ *I only got to meet uncle Jackie a couple of times but he was always friendly and full of life. Never forget the hoodiebooger monster he made up as a kid. May he Rest In Peace. Please say hi to my mom*

“ I just learned of Jack's passing moment's ago. Annie and I are saddened beyond belief. Jack was usually the first person we saw coming to work at the PAC as IATSE technicians and the last when we left the building for the night. I've lost track of the times Jack handed me the keys to the Williams Theater and recall our countless discussions of our lives in the US Navy. He could answer ANY question about automotive maintenance and his kindness, patience and knowledge were without equal. We compared numerous notes about our grandchildren and his love of his own was a testament to Jack's loving and kind nature and he will be forever loved and missed. God speed, Shipmate, and our sincere condolences to the Wallace family and a special nod to Kenny, who we also worked with. Jack was one damn fine man.
