I knew Jack Campbell. He was one heck of a man & one heck of a Logger & he was MY friend! We first met when Jack came to Round Valley to fill the void left by Joe Brundage when Joe moved his outfit to the Susanville area. And fill the void Jack did! Whatever log flow was needed he complied; 100 M b.f. or 300 M b.f. per day while he, with the help of his Right Hand Man Roy O'Bryant, constructed all roads needed to tap the timber, including Spec Roads on U.S. Forest Service Timber sales. We did business together while developing a mutual respect for each other which later became a friendship under which we shared family joys & sorrows. When we both lost our wives we got on the phone & shared our thoughts & grief. There was a side of Jack that people who only knew him as a tough Logger, did not know. Although he was a hard nosed & successful businessman, Jack was also a devoted family man who dearly loved his wife Claudena, their children & their grandchildren. He will be missed but never forgotten. The Round Valley Community benefitted greatly from his business success & generosity. I am a better man for knowing him. Thanks' Jack for all you did for me, as the guy on the other end of our contracts & for all you shared with me as my friend. I will not forget.
