“ *Aunt Dean was the absolute best. Her beautiful heart made things better at different times in my life and if anything I not only want to be as funny as her when I grow up, but I also want to always remember how to love so unconditionally that no one ever questions their worth.. That is how she always made me feel. My kids (her great-great nieces and nephew) have the sweetest memories and my son said it best today she was cut from a different cloth and one of the most amazing ladies there could ever be....*
