“ I will always remember my grandma keeping us for two weeks out of the every summer. Several summers she was under treatment for health issues, once having to drive from sulfur to Pauls Valley to the doctor. The night before I remember asking her to braid my hair in tiny braids so it would have a curl in it. She did, it took a long time all over on my head. She never complained and she was very tired from working that day. She had funny stories to tell on the way there. She took us swimming everyday, to the lake, a friends nice swimming pool or to the best place the Sulphur Springs! She couldn't swim but loved to watch us swim like fish for hours! She enjoyed walking the walking trails for hours she would watch the buffalo on the trails and was never afraid to go alone. She was amazing! She taught me to see a dress for Maegan and to crochet. She had my whole family over one night and in the morning she had chocolate gravy! It was yummy! She taught my girls to make candy and I will forever be grateful God gave her to us as our grandma! I will forever miss her and think of her everyday!
