“ *I can't believe your gone my crazy friend. Heaven is full of laughter now cause you're there. We worked at Dr Wootan's together at Jenks Health Team. We had so much fun working there. We always got in a lot of trouble for laughing so much. We still remained very good friends all through the years. My heart is sad. You will be missed by many. Love you Phyllis & will see you again one day. Prayers for your family.*

“ *I loved her back then and I love her now. Love for a friend never ends even when you don't see each other. But I will hold onto all the memories of times we shared. One time she wanted me to help her get a fighting chicken back in his pen. I was wearing white pants and flip flops. It had been raining. Plus I moved back here from California so had no clue about doing this! So she says on the count of three you get the chicken. Of course we all know how this turned out! Just one of the hilarious memories I have of our time together. Death may take away the person but it can't take away the memories! My heart goes out to all the family. There will never be another one like her!*
