“ *Richard has always been a part of my childhood memories! He had a gift of making you feel loved and welcomed. He would come by and get michelle and I and take us on special lunch dates! He would always tell me that I was his favorite cousin!! But I think he did that to all of us!! He was always the life of the party and I will truly miss my big cousin.*

“ *Richard, I know it's been many years since we've seen each other. You always told the best scary stories. You made the most fluffy fry bread. Remember when we listened to Mariah Carey all of the time? You loved Can't Let Go and Make It Happen. You bought me the prettiest shoes I'd ever seen when your mother and I came to your graduation. You talked and listened to Grandma. I could hear you both but never knew what was being said. I know you were so intuitive and had a wisdom beyond your years. I am sorry you are gone. I hope Grandma has you now.*
