“ *Thank You for sharing Nadine with us. She was an amazing woman with a big heart and a great sense of humor. I loved pestering her because she always had a comeback and a big smile and chuckle. She made my days better and she always made me feel glad to be at work. I'm going to miss her but I will always remember her stories and her songs. She loved her whole family and talked of you all often. She was lucky to have you all ,especially her two sons who visited and checked on her all the time. I bet she's singing in heaven now. Sending my love and prayers to the whole family .*
